

2007 Seminar Series

Dr. David Blecher

Professor
Department of Mathematics
University of Houston

Friday, March 23, 2007

Time: 3:00 PM

Room: BSE 3.106

Noncommutative function theory

Abstract: We present some basic ideas in the classical theory of function spaces and function algebras, and discuss how these ideas translate when the functions are replaced by operators on a Hilbert space.

A reception will follow the talk and will be held in BSE 3.106
